ABHIJITH SIVADAS MOOTHEDATH

Data Engineer

+353892704877 | abhijith.sivadas.moothedath@gmail.com | Dublin, IE

EXPERIENCE

DATA ENGINEER at METRO Global Solution Center   2024-07-01 - 2025-02-01

- Designed and maintained scalable ETL pipelines using Apache Airflow and dbt
- Migrated over 45 TB of e-commerce data across Salesforce, GCP BigQuery, and Odoo with 100% accuracy
- Developed over 20 automated DAGs to orchestrate data workflows, improving performance by 40% and reducing failures by 15%
- Built scalable APIs using Apigee/API Gateway and Cloud Functions to securely deliver processed BigQuery data
- Mentored new hires on Airflow, dbt, and core data engineering practices

DATA ENGINEER at Eviden (an Atos Company)   2022-02-01 - 2024-07-01

- Orchestrated scalable batch workflows with Azure Data Factory, enabling efficient data movement between sources, ADLS Gen2, and Databricks
- Managed and built end-to-end data workflows across two business lines, with orchestration implemented using Apache Airflow DAGs
- Optimized ADLS Gen2 data storage through partitioning, reducing retrieval times by 40%

- Migrated healthcare data from Teradata to BigQuery and performed extensive SQL-based validation and debugging against legacy systems with 100% data accuracy
- Optimized BigQuery query performance for faster execution

DATA ENGINEER at Playo   **2018-12-01 - 2022-02-01**

- Built and maintained scalable ETL pipelines for e-commerce data, ingesting data into AWS S3 and loading curated datasets into Amazon Redshift using Spark-based batch processing
- Designed customer segmentation datasets within an analytics warehouse, transforming user and transaction data to help marketing teams target high-value cohorts and boost campaign efficiency
- Enabled dashboarding and reporting by delivering well-modeled, optimized datasets from Redshift to BI tools, reducing dashboard query latency by ~25%
- Collaborated cross-functionally with analytics, product, and business teams to align data models, pipelines, and reporting requirements

CO-FOUNDER / ENTREPRENEUR at Dairy Business   **2016-02-01 - 2018-12-01**

- Managed daily operations and P&L for the family-run dairy business, strengthening stakeholder management skills
- Led sales and inventory management initiatives, enhancing brand presence

EDUCATION

Postgraduate Degree (Executive PG, Online) Data Science and Business Analytics   **2022-04-01 - 2022-04-01**

The University of Texas at Austin

Bachelor of Technology Computer Science   **2015-06-01 - 2015-06-01**

Mahatma Gandhi University

SKILLS

Data Pipeline Design & ETL Development

Analytical Data Modeling & Warehousing

Distributed Data Processing

Data Quality Validation & Reconciliation

Cross-Functional Stakeholder Collaboration
